DEDICATION

To the Alumni of Chilocco Indian School. As we pause and look back at our years at Chilocco and at the heritage our school represents we too are proud to have walked this way.

We consider it our good fortune to be a part of the great number of students who have passed through the doors of Chilocco.

It is with pride that we dedicate to you, our 1965 Chiloccoan.

Representing all alumni of Chilocco Indian School are graduates who are now employed on campus. ADMINISTRATION

Dr. Leon Wall, Superintendent

The Chilocco faculty takes pleasure in congratulating our graduating seniors of 1965. As a class you have been outstanding. As individuals, in addition to your academic and vocational skills, you have also developed poise, tolerance of others, leadership, character, initiative, resourcefulness, punctuality, perseverance, self esteem and many other desirable traits. We wish you the greatest success in your future life.

We would like to take this opportunity to encourage undergraduates to return to Chilocco next year and continue work toward graduation. We believe our educational program of academic, practical arts, trades and industries, and vocational subject matter at Chilocco is the best. A student may study academic courses to learn basic information needed for the many adjustments in later life or for use in attending college. The study of practical arts gives the student command of elementary technical skills which can be developed more fully in trades and industries. In addition a few vocational courses are offered where proficiency and competitive speed may be developed to a saleable level. In addition to these features of the program, students have a chance to learn to associate with other boys and girls, the Chilocco faculty, and boys and girls in state schools which should aid in developing acceptable patterns of behavior necessary for becoming a successful citizen.

Leon Wall

George W. Walker, Principal

We sincerely congratulate the Chilocco graduates of 1965 and wish for each of you a most successful future. You realize that to succeed you must put forth every effort to excell in all your endeavors. The Bureau of Indian Affairs offers many opportunities for your continued academic and vocational training. We hope you will take advantage of these to the fullest extent.

We are looking forward to another successful school year and sincerely hope the undergraduates will return to school with much enthusiasm and determination to complete their training.
